President Update-Final Thoughts

Cheryl Malone BSN RN CPN TCRN

This has been a wild ride for my 2021 Presidential year. I never expected we would have to stay virtual, because I wanted to get to know each of you personally and professionally, that's why I wanted this leadership of this awesome organization position. I want to thank you for your support of this Chapter. Your attendance at our meetings shows me your caring, through all of this madness, and compassionate career. I hope that you have taken care of yourselves, you can't take care of others unless you take care of yourself, first. Thank you for a wonderful year! Happy Holidays, and a safe 2022!

DCENA Members Attend ENA General Assembly

By Christine Russe – 2021 DCENA Secretary

Each year ENA conducts their annual business meeting prior to their annual education conference. This meeting and celebration were originally scheduled in sunny Orlando. Due to evolving safety concerns and surge from the pandemic, ENA decided it was in everyone's best interest to conduct the business meeting (Known as General Assembly) and offer EN21X educational conference using a virtual platform. Thank you to the following delegates who represented Texas ENA at General Assembly Delegates from Dallas County ENA : Christine Russe, Bre Ward, Cindy Allison, Courtney Edwards, Naomi Paget, Cheryl Malone, Jim Sullivan, and Vicki Patrick who represents the past national ENA Presidents.

Treasurer Update

Mallory Hammond BSN, RN, CEN, TCRN– DCENA Treasurer

We still look fiscally sound as a chapter. Last year, we did not have a deficit and we are hoping to have that happen this year as we close out the year. We have paid all invoices for services to keep our chapter running smoothly. We have also made \$95 so far on our Teespring fundraiser. That continues to run so check out the fundraising article and it is also on the DCENA Facebook group page.

Pediatric Update

Cheryl Malone BSN RN CPN TCRN-Committee Liaison

The pediatric readiness project was an important project for 2021. <http://PedsReady.org> Ensuring in your emergency departments, that children get the care they require and deserve is still an ever-growing need. And if you work for a hospital entity that is a Trauma facility, know that new Trauma rules coming from the state of Texas, require pediatric readiness. Get involved and be ready.
